

BRITISH COMMONS REVIEWS FINANCES

Debate Is Opened on Government's Motion Calling for Support of House in Its Proposals for Reduction of Expenditure and Diminution of Debt—Speeches for and Against

CHANCELLOR DEPRECATES INCLINATION TO PANIC

Hopes to Avoid Necessity for New Taxation and Points to Economy Measures—Burden Caused by Responsibilities in East—Mr. Churchill on Army Expenditure

LONDON, Oct. 29.—The main matter of interest on the first day of the debate in the House of Commons were the speeches of Austen Chamberlain, Chancellor of the Exchequer, and Winston Spencer Churchill, Secretary for War, defending and justifying the expenditure as inevitable after the war. The Ministers and Mr. Bonar Law, the Government leader, referred in terms of regret to the delay of the United States in accepting a mandate for Turkey as adding to the Government's responsibility and difficulties.

Mr. Chamberlain made it quite clear that the Government had an intention of resorting to a levy on capital, as suggested by William C. Adamson in behalf of the Labor party, but was not disinclined to examine into the possibility of a levy on war profits.

Some Liberal and Labor members in the course of the debate, pointed to the strange contrast between Mr. Chamberlain's optimistic speech of today and his speech of only a couple of months ago, predicting national bankruptcy, and asked what had happened in the meantime to produce this startling change.

Mr. Chamberlain said that there was every reason for caution, economy and wise husbandry of resources, but not for a hasty resort to a levy on capital. He hoped that the House of Lords would refuse hasty assent to the Government's motion, and announced that the position of the Government was distinctly better than had been anticipated in August.

Mr. Chamberlain continued that it was not within the power of the British Government to remedy the Turkish situation, which was an international affair. Everybody knows that a settlement was being delayed, pending a decision by the United States whether it would undertake her part of the white man's burden, and the execution of the tutelage of Turkey under the League of Nations.

Mr. Chamberlain, referring to the economic demands, said that if the staffs of all departments were placed upon a pre-war rate of pay it would effect a saving of only \$22,000,000. Everyone knew that the reduction could not be effected.

Mr. Chamberlain said that a general levy upon capital was out of the question. A levy upon war profits stood upon a different footing, but the difficulties of undertaking such a scheme of taxation were immense, and the disadvantages outweighed the advantages.

Mr. Chamberlain invited the House to explore the suggestion of a levy on war profits. The floating debt of the country of October 26, Mr. Chamberlain told the House, amounted to \$1,286,000,000. He calculated that next year, after providing for the abnormal expenditure of war expenditures, there would be a substantial balance on the year to go toward the reduction of the debt. Describing the British loan in the United States, Mr. Chamberlain said the effect would be that the Government had secured the conversion of an external debt into an internal debt, which was tantamount to placing national war bonds with United States investors at a more favorable rate of exchange than was obtainable in the open market.

ALLIED FLEET WORKS IN BALTIC

COPENHAGEN, Oct. 29.—The Lethian Bureau announces that the Allied fleet at Riga has been reinforced by some large warships and is continuously bombarding German positions. It is added by the Press Bureau that a military convention is on the point of being concluded between Latvia and Lithuania, with the object of forming a common front against the German-Russian forces.

ALLOWED TO TRAVEL ON BRITISH WARSHIPS

LONDON, Oct. 29.—British travelers and representatives of business houses are to be permitted passage aboard enemy British warships leaving the country for abroad. This according to Sir Hamer Greenwood, Under Secretary for Home Affairs, who made the announcement today before the association of British Chamberlains. It is a move unique in the history of the Empire.

VETERANS RESENT OTTAWA ACTION

Express Very Strong Opinions Against Report of Parliamentary Committee—Talk of Forming Political Party

TORONTO, Oct. 29.—Representative veterans interviewed regarding the report of the Soldiers' Readjustment Committee have no word of recommendation for the findings of that body. Opinions vary from the note of cynical criticism to that of angry protest, and the underlying feeling is that the Government, by adopting the report, will bring a hornet's nest about its own ears.

The report looks like a case of serving up the desert and onions without including the roast beef and vegetables," was the view of Vice-President Sam Stafford, of the Dominion command of the G.W.V.A. "It is most deplorable that the committee should have brought in a report that left no other course than the resignation of the three members of the G.W.V.A. advisory committee as a protest against such a report being adopted. The committee declares that the country cannot afford to pay any more gratuities, but we had proved that it can."

WITHDRAW BRITISH TROOPS FROM SYRIA

LONDON, Oct. 29.—Mr. Andrew Bonar Law, Government leader in the House of Commons, announced today that the Government was arranging with France and Prince Faisal, son of the King of Hejaz, for the immediate withdrawal of the British troops from Syria and the assumption of the mandate by occupation by the French, and Arab pending the conclusion of the peace treaty.

Declare Coal Strike Is Now Unavoidable

Officials of United Mine Workers at Conference Decide on Enforcement of Order—Statement Blames Operators—Federal Administration Prepares Drastic Measures

INDIANAPOLIS, Oct. 29.—After pronouncing a strike of bituminous coal miners inevitable and blaming the operators for forcing a walkout that involves half a million men directly, the conference of officials of the United Mine Workers of America, wound up its business tonight and members of the executive committee left for their homes to direct the local in the strike, which is to become effective midnight Friday.

Mr. Chamberlain invited the House to explore the suggestion of a levy on war profits. The floating debt of the country of October 26, Mr. Chamberlain told the House, amounted to \$1,286,000,000. He calculated that next year, after providing for the abnormal expenditure of war expenditures, there would be a substantial balance on the year to go toward the reduction of the debt.

He calculated that next year, after providing for the abnormal expenditure of war expenditures, there would be a substantial balance on the year to go toward the reduction of the debt.

PROVIDES ON ARBITRATION

Grand Trunk Bill Now Names Chief Justice of Exchequer Court as Third Member of Proposed Board

MUCH DISCUSSION ON VARIOUS CLAUSES

Opposition Members Strongly Object to Provision for Advancement of Funds Without Parliament's Sanction

OTTAWA, Oct. 29.—The announcement by Hon. Arthur Meighen that the Grand Trunk Bill would be the third member of the board of arbitration which will fix the amount to be paid by the Government for the Grand Trunk Bill in committee in the Commons today.

The bill as drafted, provided that one arbitrator would be named by the Government and another by the company, and that they would name a third. In view of Sir Walter Caspell's decision, Mr. Meighen had the bill amended. The amendment provided that in the event of the death of the Chief Justice of the Exchequer Court, his successor, or a judge of the Supreme Court, will be the third arbitrator.

Asked by Hon. Mackenzie King to express an opinion as to how long the arbitration proceedings would last, Mr. Meighen expressed the view that they could probably be concluded in nine months.

There was considerable discussion of clause No. 7, providing for the naming of a committee of management to operate the Grand Trunk system until after the conclusion of the arbitration proceedings, but it finally passed.

In clause No. 8, providing for the advance of money to the committee of management, the committee struck a snag. Mr. King had described this provision as "thoroughly vicious."

Mr. Fielding declared that the clause involved a flagrant departure from British parliamentary practice in that it authorized the Government to loan money without coming to Parliament. Mr. Meighen agreed that it was open to objection, and suggested that it stand over until the Government could ascertain the amount that likely would be required to continue the operation of the system.

Barler in the day clause No. 5, providing for the redemption of Grand Trunk stock after a period of thirty days, was held over after Mr. King had moved an amendment striking out the words "after thirty years."

Clause No. 12, the last in the bill, was on the request of Mr. Meighen, held over until tomorrow, when the Minister of the Interior will make a further statement regarding the obligations of the Grand Trunk Pacific.

Before the committee rose, L. A. Lapointe moved that a thirteen clause be added, stating "that nothing in this bill or the amendments thereto shall affect the present or future rights of cities and municipalities as to taxation of railways and railway property."

BOLSHEVIKI HAVE STRONGER FORCES FACING YUDENITCH

Arrival of Fresh Detachments Enables Them to Exert Stronger Pressure Against Assaultants South and West of Petrograd—Said to Compel Withdrawal From Gatchina

REPULSE REPORTED WEST OF PETROGRAD

General Denikine's Army Is Fiercely Attacked by Ukrainian Irregular Forces, Who Have Taken Several Towns—Kuban Cossacks Also Give Trouble on Black Sea Coast

REVAL, Oct. 29.—The Bolsheviki forces defending Petrograd received fresh reinforcements during the last two days, according to the advices reaching here, enabling them to bring the strongest pressure against General Yudenitch, who was compelled after the fiercest fighting to withdraw from Gatchina. Between Gatchina and Krasno-Selo a severe battle was still in progress at the latest advices, and the Bolshevists were being supported by armored cars and trains.

The Soviet troops also tried to force the Estonian front, the report states, but were checked. HELSINGFORS, Oct. 29.—A communication issued by the Russian Northwest army says Bolsheviki attacks on the West Petrograd front Tuesday were repulsed and that 400 prisoners were taken. It adds that on Wednesday "the White" offensive west of Krasno-Selo was proceeding successfully and that 1,500 prisoners had been taken.

PARIS, Oct. 29.—The correspondent of The Times at Helsingfors is authorized in government circles to declare that Finland is doing her utmost to assist General Yudenitch, having placed at his disposal two tanks and a large quantity of rifle ammunition, and has authorized Russians residing in Finland to enter his army.

LONDON, Oct. 29.—Fighting of the fiercest character is in progress between the troops of General Denikine and General Makhno, leader of one of the Ukrainian irregular forces. General Makhno has captured Alexandrovsk, an important town on the Dnieper River, about 175 miles from the Black Sea. He is also besieging Elizavetgrad, a city of 100,000 population, the most important in the northern part of Kharson province. General Makhno's troops are approaching Nikolai and Kherson, which, next to Odessa, are the most important Russian ports on the Black Sea.

The towns of Cherkassy, Chirkin, Kanef and Trank, all lying on the Dnieper, or slightly south of it, within 30 to 35 miles southeast of Kiev, are in the hands of the insurgents, along with other places. LONDON, Oct. 29.—In defending the army expenditures, Secretary of War Churchill announced that the cabinet had approved a final contribution of the surplus stores to General Denikine, the anti-Bolsheviki leader in South Russia. The value of the contribution, he added, was approximately \$10,000,000 sterling and it would be dispatched during the winter.

BERLIN, Oct. 29.—The anti-Bolsheviki paper Tripp (apparently an Estonian paper), prints a communication from General Yudenitch, dated October 27, declaring that the attack on Petrograd was unsuccessful. Reports from Reval state that General Yudenitch is falling back along the entire line. WASHINGTON, Oct. 29.—Inauguration forces in the Kuban territory on the northwestern side of the Caucasian mountains, making common cause with the Kuban Cossacks, have taken from the forces of General Denikine, the anti-Bolsheviki leader, the Black Sea port of Novo-Rossiysk, and occupied the city of Stavropol, according to dispatches received today by the Ukrainian minister.

WASHINGTON, Oct. 29.—A Bolsheviki headquarters report received by wireless today says that the Bolsheviki troops are scoring successes on the Petrograd front against General Yudenitch and in Siberia against Admiral Kolchak.

The report states that fighting is in progress fourteen miles southwest of Petrograd, sixteen miles west of Petrograd, on the Gulf of Finland. The Red troops have also occupied positions four miles northwest of Gatchina, despite serious resistance. On the southern front the Bolsheviki troops have entered Dmitrovsk and Kromy, respectively 20 and 57 miles southwest of Orel. In Ust Medveditskaya, one of the Don Cossack towns on the Don River, the Bolsheviki, it is stated, have captured hundreds of prisoners. On the eastern front the Bolsheviki are driving the enemy from all fortified positions toward the east.

CHINA PROPOSES TO ESTABLISH BANK. VANCOUVER, B.C., Oct. 29.—Completing a trip through the United States and Canada, Hon. Hsu Hui-Quen, a privy councillor of the Chinese cabinet, arrived here this morning on route to the Orient, and in the course of an interview made the announcement that, following a thorough investigation into the trade possibilities between Canada, the United States and China, the Chinese Government would establish a bank in New York, with branches in San Francisco and Vancouver, B.C., and possibly other cities. He will sail this week on the Empress of Asia.

WASHINGTON STATE TO GET B. C. COAL. SEATTLE, Oct. 29.—Ten thousand tons of coal monthly will be brought to Seattle from British Columbia, for need of Washington State, if the coal strike takes place on November 1, G. H. Sullivan, superintendent of county docks and wharves, said today. The normal importation of coal from the Canadian side is 1,000 tons monthly. The county's dock on Lake Union is being prepared to furnish additional berthing space for the barges carrying the coal.

Mr. Chamberlain hinted at a revision of railroad rates to make the railroad self-supporting. Ordinary

PREMIER ADDRESSES WOMEN'S INSTITUTES

Gives Resume of Legislation Affecting Women Brought Down by Present Government—Sharp Discussion

The three days' conference held in the Provincial Library by the Women's Institutes of Vancouver Island was productive of much in the way of interesting discussion and informative addresses, last night the closing session—being inferior in no particular to any of the earlier sessions of the gathering. No less than three speakers were provided, the Hon. John Oliver, Premier of the Province, Mrs. Schofield, and Mr. Harper, of the Dominion Astrophysical Observatory staff, contributing the major part of the evening's programme. The last-mentioned brought a number of letters slides which assisted in making the subject matter the more interesting and more easily understood, astronomy being the theme.

The Premier Speaks
In his address Premier Oliver gave an excellent resume of what the present Government had accomplished since it came into power, among some of the beneficial legislation brought down, there being mentioned the Equal Guardianship Act, Workmen's Compensation, and the "Fair Interest" Act whereby it became impossible for a man to will his entire property away from his wife. Reference was also made to the introduction of legislation recognizing a minimum wage for working women and certain fixed hours of labor. This was a very progressive step.

The Premier spoke about prohibition, referring to the no uncertain voice in which the people of Ontario had spoken when the matter had been submitted to them for their endorsement or disapproval. It was evident, he maintained, that the question would come again to the ballot in British Columbia. But he was perfectly certain, now that the women had the vote, which way the decision would go.

The significance of the North America Act, the speaker pointed out at some length at another point in his address, was not appreciated by many people simply because they did not know anything about the Act. He thought that the Government would be doing a good thing for the people if they had the Act published in some easily accessible form so that it could be distributed and understood by the public at large, as only by its study could the uninitiated discover, among other things, the difference between the Provincial and Federal Government responsibilities.

Addressing himself more particularly to the Women's Institutes as a body, the Premier said that he would always be glad to do what he could to help them, as they were deserving of all assistance and were doing a very great good—particularly in the rural districts.

Forward Movement
Mrs. Schofield told the meeting something about the Forward Movement, an inter-church and united national campaign whose common effort is to take the form of inspiration, publicity, and action in a financial appeal. The responsibility of initiating and directing the united campaign had been laid upon the United National executive committee, and sub-committees of this national executive had been selected as follows: Spiritual aims, publicity, finance (to provide for the expenses of the United Campaigns), special subscriptions and setting-up. Provincial committees were being formed with functions similar to those of the National Executive.

Referring to the definite "dating" of the campaign Mrs. Schofield said that it was proposed that Provincial Conventions would be held in important centres throughout the Dominion from November 24 to December 5, at which addresses would be given by distinguished and conspicuous leaders from British, the United States and Canada.

"Many are hoping that this movement will arouse the indifferent and make the nominal Christians alive to their responsibilities," said the speaker.

Vote of Confidence
At the session earlier in the day the conference passed a very hearty vote of confidence in their chairman, Mrs. Blackwood-Wileman. At another period the meeting adopted a resolution introduced by Mrs. F. McLaughlin, thanking Dr. Warnock, Deputy Minister of Agriculture, for the courageous way in which he had told them their faults without mincing matters. Dr. Warnock's courtesy referred to alleged laxity on the part of the Women's Institutes in connection with their procedure at business meetings. His remarks did not go unchallenged in certain quarters, and there was some lively discussion. Some of the charges and avoidance of waste were urged by him, and the chairman of the Advisory Board, was reminded to send in her accounts at regular intervals in order to contribute to the efficient working of the Department.

"I think it only fair to me for you to state before my Institute that you found my accounts strictly correct," interposed Mrs. Blackwood-Wileman, the chairman, at this point.

Further Recommendations
A number of recommendations were made by Dr. Warnock while he was speaking to the meeting. For one thing, he suggested that two of the directors of the Advisory Board should retire automatically either annually or every two years, by seniority or by drawing lots, and that they be entitled to seek re-election after the lapse of one year. Mrs. Ballantyne, of Gordon Head, was obviously opposed to compulsory change, averting that if the members on the Advisory Board were satisfactory that they should be allowed to stay there. Incidentally this speaker asked if the Government could not furnish the Women's Institutes, for such a conference as the present, with a warm room and some degree of comfort more than had been provided on this occasion.

German Crimes in Belgium
BRUSSELS, Oct. 25.—The Belgian Ministry has given its approval to a list of 110 German soldiers and civilians, who will be proceeded on charges arising from violation of the laws of war at the time of the invasion of Belgium during the occupation of this country by German troops, according to the independence Belge. The list will be sent to the Peace Conference in Paris.

SOCCER MEN HONOR RETIRING OFFICIAL

Mr. Arthur Manson Is Recipient of Illuminated Address—Speeches and Songs Round Out Pleasant Evening

An interesting and pleasant little event took place last evening in the E. of C. Hut, the occasion being the presentation to Mr. Arthur Manson of an illuminated address as a testimonial in recognition of his valuable services to association football in this city. It was a matter of general regret that Mr. Manson found himself unable to continue in office this year and the association members did not feel like letting him go without some expression of their regard for the popular official, appreciation of his work, and regret at its termination, which it is hoped will be only temporary.

In the unavoidable absence of President Hadley, Mr. P. C. Payne was asked to take the chair. The presentation of the testimonials was made by Mr. A. G. Bird at the request of the chairman, and Mr. Bird voiced the feelings of those present towards Mr. Manson in a neat speech. Other speakers who expressed similar sentiments were the chairman and Messrs. Beck, J. Adam and Reeve.

During the course of the evening songs were given by Messrs. A. C. Hill, J. Allan and O. Allan.

In returning thanks for the honor done him Mr. Manson made a characteristic speech and promised that he would try and make arrangements in future to be able to take up office another year.

WILL PLAY RETURN MATCH WITH SEATTLE

Team of Twenty Victoria Golfers Leaves on Friday to Compete for the B. Wilson Trophy

On Friday afternoon, a team of twenty Victoria Golf Club members will leave by the 4:30 boat for Seattle to play the second match of the year with the Seattle club, a total of 40 points in the match played here in the Spring, and they must retain their lead in Seattle on Saturday in order to hold the trophy for the year. Every confidence is expressed in their ability to do this, especially as the team has been strengthened since the last engagement by the inclusion of A. V. Macdon. The full list of those who will make the trip to play in Seattle is as follows:

A. V. Macdon, E. Wilson, A. T. Goward, H. G. Wilson, J. A. Rithet, J. A. Hayward, E. J. Todd, W. C. Todd, J. W. Harris, J. S. Materson, Hon. J. Hart, J. E. Wilson, J. A. Lindsay, P. Criddle, W. F. Pemberton, Carey Martin, J. R. Waghorn, J. D. Virtue, L. S. V. York, Dr. Barrett, R. W. Gibson, T. O. Mackay and Arthur Cole.

MISTAKEN IDENTITY

Report That Rod Standen, Killed in Action, Is Still Alive, Proves to Be Untrue

VANCOUVER, Oct. 29.—Much pain has been caused former intimate friends of the late Rod Standen, who was killed in action with the Australian forces in the early part of the war by a report that made circulation that news of his death was incorrect and that the one-time well-known and popular athlete had appeared in this city in person.

It appears that a boxer of the same name, or bearing a name similar to that of Standen, recently arrived in the city, and his appearance here has given rise to the story that Rod Standen was alive.

Friends of the family of the late Rod Standen, fearing that someone was masquerading under the name of the dead soldier, had the police make investigations, when it was established that the stranger was not the Rod Standen in whom they were interested. The stranger denied that he had ever posed as the former Nanaimo boxer.

HERMAN AND MOORE MATCHED FOR BOUT

NEW ORLEANS, Oct. 29.—Pete Herman, of New Orleans, bantam-weight champion, and Pal Moore, of Memphis, will meet in a 20-round bout for the title here December 15. Don'tnick Tortorch, a local promoter, announced tonight. Both boxers, it was said, had agreed to the proposed bout.

CALGARY BOXING

CALGARY, Oct. 29.—The Calgary boxing commission has postponed the opening of the new arena at the foot of November 7, on account of Frank Farmer, of Tacoma, refusing to meet Mickey King, noted Australian, over the 12 1/2-minute round system. An effort is being made to bring either Mike or Tommy Gibbons to meet King at a later date.

BREAKS GOLF RECORD

Playing on the Oak Bay links yesterday Mr. Biggerstaffe Wilson, of the Victoria Golf Club, broke the amateur record for the course, making the round in 68.

KAHANAMOKU ABSENT FROM ENTRY LIST OF HONOLULU MEET

HONOLULU, Oct. 29.—Entries for the Autumn swimming meet closed today with Duke Kahanamoku unentered. He said the rowing he has been indulging in this year stiffened his muscles, and he did not feel inclined to compete.

The meet will be held November 1, 2 and 3, having been postponed from the original date. Four American swimmers, Norman Ross, Harold Kruger, Mrs. Frances Cowells Schroth and George Schroth arrived Monday from San Francisco to compete in the matches.

SOCCER DELEGATES HAVE BUSY EVENING

Games Arranged for Saturday—Fragments Retire From the League—Transfers Approved—Motion Ruled Out.

At the weekly meeting of the Victoria and District Football Association the following arrangements were made for Saturday's soccer league games:

Senior
Comrades v. Harbor Marine, at Jubilee Hospital. Referee, Jones.
Foundation v. K. of C. Hut, at Royal Athlete Park. Referee, Lock.
Yarrowa v. Great War Veterans, at Beacon Hill upper ground. Referee, Payne.
North Wards v. Wests, at Central Park. Referee, Pearson.
Army and Navy Veterans, a bye.

Intermediate
Army and Navy v. Yarrowa, at Work Point. Referee, Oliver.
Metropolis v. Seaside. Referee, at Willows. Referee, Thornton.
Postal Service v. Wests, at Beacon Hill lower ground. Referee, Stokes.

The Fragments have withdrawn from the league. Transfers of players granted were as follows: Swinburn, from the K. of C. Hut to the Metropolitan Athletic Club; K. of C. Hut to the Harbor Marine; Sigurd Hurst, from the Army and Navy Veterans to the Postal Service, and Sandford, from the Army and Navy Intermediates to the Postal Service. Applications also came from W. Erickson to transfer from the K. of C. Hut to the Army and Navy Veterans, and Chairman from the Army and Navy Veterans to the Great War Veterans.

A motion of motion was handed in to rescind the article of the constitution which allows an intermediate player to be transferred by vote at a league meeting to senior standing if considered too good for the lower division.

After a communication from the branch of the B.C.F.A. regarding the unplayed North Ward-Foundation game had been received, a motion that the matter be reconsidered was carried, but a subsequent motion that the game be played at a future date was ruled out by the president.

NEW YORK CLUB IS AFTER ITS SLICE OF "SERIES" MONEY

NEW YORK, Oct. 29.—Col. Jacob Ruppert and Col. T. L. Huston, owners of the New York American League club, announced tonight that the share of the world's series receipts to which the Yankee players are entitled, would be demanded immediately of the National Commission.

The club owners said that the injunction issued Saturday restraining President Ban Johnson of the American League from enforcing his suspension ruling against pitcher Carl Mays "definitely clears up the question raised by the Detroit club's challenge of New York's right to third place."

The challenge, based on an claim that New York took third place by using Mays who was then under suspension, not enforced, because of a temporary restraining order "has cleared the world's series money due the New York players to be withheld" according to Col. Ruppert and Huston.

BRITAIN IS SHORT OF OLYMPIC TALENT

A. N. S. Jackson Makes Strong Plea for Greater Interest in Producing Athletes Worthy of Those Who Have Gone

The fact that Britain's chances in the forthcoming Olympic games at Antwerp can be represented by the well-known trigonometrical sign, "minus infinity," is a crying prominent warning to the country seriously to think. The later to make an appeal for a changed attitude toward success in the world-wide event is A. N. S. Jackson, former president of the Oxford University Athletic Club, Olympic record-holder in the 1,500 metres, and one of the best millers in the game, who, as commander of a battalion of the King's Royal Rifles, won three bars to his D.B.O. in France. Writing in The Times, he starts off by bewailing the loss of so many able athletes in the war, mentioning such names as G. R. L. Anderson, Kenneth Powell, H. S. O. Ashington, H. M. Mackintosh, R. S. Clarke, D. N. Gapsen, and Ronald Foulton-Palmer, and indicates that the best method to avoid such a loss would be to spare no effort to produce others worthy to take their place.

Failure in the past, he goes on to say, was entirely the result of lack of interest, and the blind eye given "specialism," which expressed itself in the respectable incident at the London Olympic games, when that crack Scottish runner, Lieut. Halliwell, was deliberately pocketed, and run across. The bright ray in the dark outlook Col. Jackson points to is the action of the Oxford University Athletic Club, which has followed the lead of American universities and engaged for the first time in its history a professional track coach, no other than the redoubtable and world-famous Arthur Hurdub. Hurdub has started things going at Queen's, and with his experience at Harvard to lend color to his statement, has already given out that the material available is as good if not better in some respects than that which he handled on the side of the pond. Col. Jackson finishes with an appeal for greater public interest in Britain's supremacy on the field of sport and greater financial support to the encouragement of team production.

ARMY CHAMPION WINS FIRST PRO TEST

AKRON, Ohio, Oct. 29.—Bob Martin, of Akron, heavyweight champion of the American Expeditionary and Allied Forces, won his first professional bout when he won from Joe Bonds of New York, at the end of the 16th round of a scheduled 15-round contest tonight, when the referee stopped the bout.

Martin administered severe punishment to his opponent from the start, knocking him down in the sixth round for a count of three. At the end of the eighth round, Bonds, second

AT PLAY HOUSES

ROYAL—Mabel Normand's VICTORIA new Goldwyn Picture, "Upstairs," which is showing at the Royal Victoria for the last time today, has produced the popular crowd for last night and only today in those seats which demand the attention of a keen audience, but throughout the production Miss Normand and her associates acted to the accompaniment of the most music.

Director Victor Schertzinger, himself a well known as a director as he is a motion picture director, was thoroughly in accord with the innovation suggested by the irreproachable orchestra, although he and Miss Normand differ in their opinions about music.

"I am in excellent 'faw,'" the latter being Miss Normand's denomination of her favorite director, "and if you don't like it, it's because you are so saturated with the classics that you can't understand it. I am in excellent and, besides, it's up-to-the-minute—it's modern."

"That's all very well," Schertzinger replied on more than one occasion, calling Miss Normand "Maw," just to keep in the spirit of the thing. But it isn't beautiful, it isn't harmonious, it isn't music."

MANAGER OF "ROYAL" WEDS IN SEATTLE

Quiet Ceremony in Social City Union

Mr. C. H. Denham and Miss Mabel in Marriage

Surprising host of friends, many of whom were unaware of their engagement, Mr. C. H. Denham, the popular manager of the Royal Victoria Theatre, and Miss Mabel, of this city, slipped away last week-end to Seattle, where their wedding took place on Monday. The bride, who has been employed at the Royal Victoria for some time past, is also well known here. On their return from a honeymoon trip in the States, Mr. and Mrs. Denham will make their home on Lee Avenue.

TIRED OF DROUGHT

Albertan Farmer Seeks Fresh Start

Vancouver Island—Inquiries About Industrial Possibilities

Large quantities of folders and publicity literature have been sent out from the office of the Victoria and Island Development Association of late to all parts of the Pacific. It has been the aim to send this literature to the small towns as well as to the cities, where their publication is desired. The office of the association is now in the Victoria. Commissioner McAdam is receiving many letters daily asking about climatic conditions and living possibilities from prospective visitors. Ample enquiries, received from these points and from several parts of Great Britain, are requests for information of an individual nature. One party is anxious to know something of the chances for opening a canning factory for the canning of vegetables and fruits.

Yesterday a farmer from Southern Alberta arrived in the city and called at the office for information. He had been nine years on the Alberta prairies and has been completely discouraged. He desires to return to British Columbia, but is seeking land somewhere close to Victoria. A letter has also been received from another Albertan asking for information regarding the possibility of Vancouver Island. Commissioner McAdam states that these enquiries are more numerous than anything previously experienced, and believes it is a sign that Victoria and surroundings will shortly receive a large influx of settlers.

VARIETY THEATRE

JOHN BARRYMORE

"RAFFLES"

The Amateur Crackman

Prices: Evening, 25c; Matinee, 15c.

VARIETY It was in the "week theatre" and hours of the morning. The guests had all retired, when Raffles, who prowled around in the great drawing room like a dim spectre in the shadows cast by the reflected moonlight from the great art-glass windows. The door softly opened and in came Crawshaw, a tall well known to the police of England. A maid appeared on the stair landing and at Crawshaw's signal dropped Lady Meirone's wonderful diamond necklace, which had cost a small fortune. Crawshaw's hand was outstretched to catch it as it fell from the hands of his accomplice, but Raffles was quicker than he, and in the twinkling of an eye the police had Crawshaw and Raffles had the necklace safely secured on his person. Later Crawshaw, escaped from the prison and Raffles made a wager with the inspector of Scotland Yard that he would not recover the necklace by midnight. Crawshaw entered Crawshaw's room in the morning, and the police for which he had bargained the liberty. Raffles disclaimed all knowledge of it and in the meantime Crawshaw, who had been following Crawshaw, were waiting to catch them in the act of dividing the booty. This year, however, Raffles could not get the ill-fated man's back teeth without disturbing his conversation, said Crawshaw. "Delicate sense of humor, eh, Bunny?" said Raffles to his friend, who was present at the interview, but Raffles, who was the burglar, is much more interesting on the Variety screen, where the picture is being shown this week.

MR. WINN ADVOCATES HEALTH INSURANCE

VANCOUVER, Oct. 29.—E. H. S. Winn, chairman of the Workmen's Compensation Board, addressing the B.C. Manufacturers' Association last evening on "Health Insurance," declared that such insurance was beneficial to the industry, as well as to the workman, for it brought about greater efficiency. Whatever improved the condition of the workers improved the employer's condition, he said. "The trouble today is that these operating industries seem to be gradually getting farther away from their workmen."

He declared it was necessary for employers to get into closer relations with their workmen.

DOMINION

CANADIAN INDIANS SHOW DEVELOPMENT

Mr. C. H. French gives interesting illustrated lecture at St. Andrew's Church, Tuesday evening.

A very interesting illustrated lecture was given Tuesday evening by Mr. C. H. French, in the hall of St. Andrew's Church. Mr. French dealt with the habits of the different Indian tribes that inhabit Western and Northwestern Canada, and showed what rapid advancement the Indians had made during the last half-century, developing from a savage state to one of considerable enlightenment and civilization. The slides thrown on the screen gave the audience a descriptive idea of this advancement by showing the improved conditions under which the Indians live today.

The methods of hunting their food and of preparing it when caught were particularly interesting pictures. Scenes were also given of the Indians of Vancouver Island. Fine specimens of big game were shown, and one picture was much commented on. It was taken by Mr. French and showed the hunter in the act of killing a bear. Most of the photographs were taken by Mr. French, but some, nearer home, were taken by Mr. Maynard, who officiated at the lantern.

During the evening a vocal item was ably rendered by Mrs. Morrison. At the close of the lecture, Mr. French exhibited a number of raw furs and commented upon the method used to prepare them for the market, occasionally touching upon the price, which in every case was greatly in excess of the price obtained a few years ago.

TARZAN

K. F. Brown & Co.

PANTAGES "Raffles" mysterious. THEATRE is about the only way the teeth which K. T. Kuna and his company of Japanese wonder-workers, offered at the Pantages this week, may be described. "Raffles," "the black magic" is one of the wonders of this show. The mystic lore which has been treasured by the house of Kuna for hundreds, and perhaps thousands, of years, has been crystallized into a marvellously mysterious and satisfying act for the Pantages circuit. Many imitators have undertaken to reproduce the feats of this clever Oriental company, every member of which belongs to the house of Kuna, but none have ever succeeded in duplicating their master feat—that of causing a girl to rise in the air in full view of the audience and on a fully lighted stage, then suddenly to vanish from sight before the very eyes. Another feat which is shown on this week's bill is the presentation of Tarzan, announced as the most wonderful "monkey" on the stage.

PRINCESS Tomorrow evening will see the first performance of that delightful comedy, "Billy's Little Love Affair," which Mr. R. N. Hincks is producing at the Princess. Miss Eya Hart, in the title role, has an excellent part to sustain, and even though she is a young girl, she will gain for this talented lady many new admirers. Capt. Hendy, who plays opposite to Miss Hart, has been allotted an equally important part, which he can be relied upon to perform with the same brilliancy of portrayal as was displayed in the last production in which he appeared ("His Excellency the Governor"). The remainder of the cast includes many well-known favorites, and an excellent evening's entertainment is assured the play before the greatest performance of this one of the most delightful comedies ever written.

DOMINION Nearly all screened patrons will remember Marguerite Clark's first screen starring vehicle, "Wildflower," in which she created a photographic sensation. Ever since that initial production she has been making pictures for Paramount and her popularity has steadily increased with each new achievement until now she is one of the best known and most universally loved actresses on the screen. Her latest picture, "Girls," an adaptation of the play of the same name by the late Clyde Fitch, has scored a huge success at the Dominion this week.

Added features of interest on the Dominion screen include the special Victory Loan film, "The Extra Bit," presenting Wallace Reid in the role of an inventor; a Chester Cutting picture and a fine comedy.

COLUMBIA Shrouded by a rival at the Theatre, his bachelor feast, Derrick Van Beekman, after a desperate voyage on a sailing vessel, is stranded on a little island, where he finds a beautiful daughter of an old race, the same blood as his own. Each learns to love the other, but he remains true to the girl he left behind, until she appears at the head of the recruiting party and learns that she really loved the rival all the time, leaving him free to marry the little island girl. This in brief, is the fascinating romance pictured in "By the World Forgot," the Village Blue Ribbon Feature, which will be the attraction in the Columbia today.

"Beauty is Only Skin Deep"

But a beautiful skin is possible only when the liver and kidneys are active and the bowels function properly. The secret of beauty as well as of health is to maintain perfect digestion and elimination.

BEECHAM'S PILLS

Help to preserve beauty and maintain health, because they influence liver, kidneys, skin and stomach to functionate in harmony and efficiency.

Worth a Guinea a box.

Keeping Fit

BY DR. SAMUEL HAMILTON

It is because of the war that the perfect physical man has all at once become the ideal of the world. You can make yourself, even rather late in life, almost anything you like. You are not going to get it in one day, one month, or perhaps a year, unless you take enough outdoor exercise to keep the circulation going and practice the athlete's first principle—to keep the system open. He does not give his body a chance to absorb poisons. He not only takes his cold shower, after exercise, but he knows the cleansing of the intestines is important, and he takes occasionally a good regulator and liver cleanser, such as a dose of castor oil, or what is much better, a tiny pill made up of May-apple, aloin and jalap, and sold by almost all druggists in the land as Dr. Pierce's Pleasant Pellets.

Keep the kidneys in good order also. Avoid too much meat, alcohol or tea. Drink plenty of pure water, preferably hot water, before meals, and drive the uric acid out of the system by taking "Auric" (anti-uric-acid). This can be obtained at almost any drug store.

Send a bottle of water to the chemist at Dr. Pierce's Invalids' Hotel, Buffalo, N. Y., and you will receive free medical advice as to whether the kidneys are affected. When your kidneys get sluggish and clog, you suffer from backache, sick-headaches, dizzy spells, twinges and pains of lumbago, rheumatism or gout; or sleep is disturbed two or three times a night. Take heed; before too late. Get Auric (anti-uric-acid), for it will put new life into your kidneys and your entire system. Ask your nearest druggist for it or send Dr. Pierce ten cents for trial package of "Auric."

GUGENHEIM BUY INTO PREMIER MINE

New York Capitalists Secure Control of Celebrated Salmon River Property Near Stewart for \$5,000,000

For the sum of \$5,000,000 Gugenheim interests have acquired 51 per cent of the stock of the Premier mine in the celebrated Salmon River district, near Stewart, B.C. About a week ago it was reported that from Spokane, the home of Mr. R. E. Neill, one of the principal owners in the mine, that the great New York firm had secured control of the mine, but the consideration was given as being in the neighborhood of one million dollars.

A gentleman who arrived in Victoria from Stewart a few days ago brought word that the mine had been sold for \$25,000,000. Now, however, definite figures have been reported from New York, and these are as stated above.

The history of the Premier mine reads like a romance and is another instance of one man seeing and another man reaping. Mr. Neill in 1911 was induced to take hold of the property, which had been abandoned a few years previously by Mr. R. E. Neill and associates, who had worked 18 months and spent \$30,000 in tunnels and shafts and then given up in disgust. Within 24 hours after starting work Mr. Neill, by judiciously placed shafts, broke into the main lead of what has since proved to be a body of high-grade ore fully 100 feet wide.

One of the original locators of the property, Mr. Chas. Bunting, who has kept in touch with developments, has this to say in summing up the situation at the mine as it appeared early last month:

"In the block of ground 300 feet long and fully 100 feet wide, as proved by surface cut and underground work, and from the surface to the present level (of the tunnel) a mass of at least one million tons can be safely estimated, with a gold and silver content of \$30 a ton, making a total of \$30,000,000. A thorough sampling of all the present workings and openings gives an average value of well over \$30 per ton."

"As the ore shows a higher percentage and far richer in the tunnel than on the surface, it is safe to assume it will continue for at least 50 feet below the present workings."

AGAINST BUILDING OF WOODEN HOUSES

LONDON, Oct. 29.—(Reuters).—Dr. James Mackenzie, speaking at St. Pancras, stated that the Ministry of Health had already acquired 31,000 acres of land for the purpose of carrying out the Government program of a half-million new houses in three years.

A further 20,000 acres had been marked as for housing purposes. The average cost of such houses, without allowing for land, was \$3,500.

"The suggestion had been made to build wooden houses, but the lowest quotation for such a house of the simplest design was not far short of \$2,000. The fairly large flat had been most lately that wooden houses could be built at a cost of \$1,250 was all moonshine."

FATAL TRAIN WRECK ON SOUTHERN PACIFIC

LOS ANGELES, Oct. 29.—Five persons dead, one man probably fatally injured and fifty to sixty persons hurt is the toll of a wreck on the Southern Pacific line this afternoon near Arden, when the engine, tender, two baggage cars and five coaches of train No. 89, the San Joaquin Valley Flyer, southbound, went into the ditch.

LOS ANGELES, Oct. 29.—Officials of the Southern Pacific Company said today that nearly 125 persons had been injured, many of them seriously, in the derailment of the San Joaquin Valley Flyer at that station near Arden, late yesterday.

King Honored Colonel Ward

LONDON, Oct. 29.—The King has invested Colonel John Ward with the insignia of Companion of the Bath and Companion of St. Michael and St. George. Colonel Ward recently returned from Russia, where he had been in command of a part of the British forces operating there against the Bolshevik army.

Unsettled British Firm

LONDON, Oct. 29.—The tilters of engineering firms in connection with the erection of a power station at Edinburgh shows that foreign firms are severely underselling British companies. The contract went to a Swiss firm, whose price for the work was \$290,000. The nearest British tender was \$370,000.

Overdoing

How Women Break Down

Owing to the modern manner of living and the nervous haste of every woman to accomplish just so much each day, they overdo, and as a consequence develop ailments peculiar to their sex, as is indicated by backache, headache, nervousness, the blues, displacements and weakness.

Women who find themselves in this condition should slow down, and depend upon that good old fashioned root and herb remedy, Lydia E. Pinkham's Vegetable Compound, to restore them to health and strength, for there is no other remedy known that so quickly restores a healthy, normal condition.

Here is the Story of a Most Remarkable Recovery

Minneapolis, Minn.—"I was run down and nervous, could not rest at night, and was more tired in the morning than when I went to bed. I have two children, the youngest three months old, and it was drudgery to care for them as I felt so irritable and generally worn out. From lack of rest and appetite my baby did not get enough nourishment from me, so I started to give him two bottle feedings a day. After taking three bottles of Lydia E. Pinkham's Vegetable Compound I felt like a new woman, full of life and energy. It is a pleasure to care for my children and I am very happy with them and feel fine. I nurse my baby exclusively again, and can't say too much for your medicine."

Mrs. A. L. MILLER, 2633 East 24th St.

Surely this proves the curative value of

Lydia E. Pinkham's Vegetable Compound

LYDIA E. PINKHAM MEDICINE CO., LYNN, MASS.

Columbia Records

CHARLES HACKETT The Best Music by Now Makes Records Exclusively for Columbia

From La Scala Grand Opera, Milan, to South America and the New York Metropolitan Opera House, Charles Hackett's musical progress has been one continuous triumph through the important operatic centers of three continents. He has now selected Columbia Records as the medium for expressing his art to the widest possible public.

"Leon Ritorno in Cielo"
The Russian, Metropolitan Opera.
49604—\$1.20

"How this exquisite aria from Rossini's Barber of Seville, which gave Hackett his first great opportunity at his Metropolitan Opera debut."
49645—\$1.20

Nora Bayes Couples Jerry with 'In Miami'

The contrast between these two vocal songs on a single record gives Nora a chance to show her amazing versatility in character study. From an Irish brogue to a Southern drawl, to a wide jump, but it's just a melodious skyfall for Nora.

A-3785—90c

Johnson Asks 'Who Played Poker With Pocahontas?'

"When John Smith went away somebody must have fed the turkey. So 'Al' Johnson rises melodiously to a point of disorder, and brings down the house as he inquires: 'Who played poker with Pocahontas?' Coupled with 'Alexander's Band is Back in Disband,' by Harry Fox.

A-3787—90c

'Oh! What a Pal Was Mary'

Here's a good old-fashioned ballad song that's making one of the biggest sentimental hits on record. Harry Barr sings the appealing words and beautiful melody with sincere and tender feeling. Coupled with 'Waiting' (from 'Lutescens') by Charles Hartman.

A-3786—90c

Rosa Ponselle in 'O Patria Mia'

Never never had a more heavenly interpreter of Verdi's hopeless longing for her fatherland than Ponselle in this heart-breaking cup of song.

49687—\$1.20

BOLSHEVIK SOLDIERS WORSHIP TROTSKY

HELSINGFORS, Oct. 28.—Lieut. Colonel Leistrang Malone, a Liberal member of the British Commons, has returned after a daring, unofficial visit to Petrograd. He told friends here that he was convinced after an investigation of the political and military situation of Russia that it is improbable that Petrograd will fall this winter. He said that reports of dissension among the Bolsheviks were untrue, and that Lenin and Trotsky appeared to be working in entire accord.

He saw Trotsky review thousands of soldiers who enthusiastically hailed him as "a divine leader." Colonel Malone said that the Bolsheviks asserted that General Denikin had lost the confidence and support of the Allies and had reached an understanding with General von Der Goltz and Colonel Asholtz-Burmond, heading the so-called western army, composed largely of Germans, in the Baltic Provinces.

Colonel Malone entered Russia from Revel, passing through the Estonian lines.

Finance Minister at Brandon

BRANDON, Man., Oct. 29.—Sir Henry Drayton spoke here last night for the Victory Loan, reiterating its advantages as an investment. Premier Norris endorsed the loan and hoped it would not be the last, but that Canada would issue them yearly, offering Canadians the best investment in the world and making Canada financially independent of other nations.

Sir Harry Inlander Returning

SAN FRANCISCO, Oct. 29.—Sir Harry Inlander, the Scottish financier, has arrived from Australia on the Steamer Sonora on his way home to Scotland. He said he had been able to add materially to the Scottish Soldiers' and Sailors' Fund, for which he worked during the war.

EARL BEATTY URGES NAVY MAINTENANCE

LONDON, Oct. 29.—Earl Beatty, the new First Sea Lord, speaking last night, declared that while public economy was essential, our vital lines of communication were as important as before the war, and the navy was our insurance for maintaining them. The League of Nations was a pious hope for relieving us of some of that insurance, which, he hoped, might be fulfilled; but the navy made us into a strong man armed, and without it the Empire would fall to the ground.

Belgian Prince Slightly Ill

WASHINGTON, Oct. 29.—Crown Prince Leopold was taken ill tonight at the dinner given in honor of King Albert and his consort at the residence of Secretary Lansing. Lieut. Colonel Wolf, the King's physician, announced his ailment as a slight attack of indigestion.

BOARD OF COMMERCE TAKES UP COMPLAINT

OTTAWA, Oct. 29.—The investigation of one alleged complaint, and perhaps others will be undertaken at the first formal sitting of the Board of Commerce to be held in Ottawa on November 7. The Canadian Iron and Steel Company of Toronto, has lodged a complaint against the Canadian General Electric Company, also of Toronto, that the latter firm refuses to sell tungsten wire to the former. Both are competitors in the production of tungsten lamps. It is also expected that other cases may be taken up at that sitting which will be the first sitting to deal with alleged complaints.

Early in November the board will also meet in Ottawa for the purpose of clearing up all matters which have been before it in the different cities covered in its recent itinerary. In many of the investigations, local orders were issued to correct unsatisfactory conditions, but there were other cases in which no order was made.

CLEMENCEAU TIRES OF POLITICAL WORK

PARIS, Oct. 29.—Former Clemenceau's refusal to stand as a candidate for the Chamber Deputies in the Course Rhine, Alsace, is regarded as conclusive evidence of his unswerving determination to retire from political life, immediately after the elections. A few days ago the Premier told friends that he desired to travel in Egypt during the coming winter. "I don't wish to die without seeing the pyramids," he said. "After 44 years of political life, my hour of rest has come. I am thankful to have lived long enough to see victory wipe out the terrible memory of 1870, which has grieved me for more than 48 years."

SPEAK ON BEHALF OF CHILD WELFARE

VANCOUVER, Oct. 29.—Speaking at a gathering tonight in connection with the Child Welfare convention here, Mr. W. J. Bowser, expressed the opinion that parents must be educated to their responsibilities by child welfare work. Such organizations as the "Child Welfare Association," he said, could point the way and also work in conjunction with the medical profession. The child welfare work, he said, was closely allied to mothers' pensions, which he also favored. At the present time, said Mr. Bowser, deaf and dumb children in the Province of British Columbia are sent to an institution in Halifax. The blind children, too, were in need of schools where they could learn to become self-supporting. It is one of his greatest hopes, he said, to see the day when there will be public institutions in British Columbia to care for the deaf, dumb and blind. Mrs. Ralph Smith, M.P.F., hoped the time would soon come when as much attention would be given to handicapped children as is given to the more gifted. She urged that the convention, when making resolutions, ask for more rigid restrictions in our immigration laws.

AIRPLANE WILL GO TO MR. TYRRELL'S AID

WINNIPEG, Oct. 29.—To rescue a man frozen in in the north country, without supplies, Captain Chaff, with the E.A.F., one of the local aviators, and J. D. Pettit will leave by airplane tomorrow morning at daybreak. J. B. Tyrrell, a well-known geologist and consulting engineer for a mining company, who has been surveying holdings in the Rice Lake district, as a result of the heavy freezing-up has been held prisoner in the northland. The lake was so frozen around the 40th that several attempts to get back to the south were unsuccessful.

General Diaz in London LONDON, Oct. 29.—General Diaz, Commander-in-chief of the Italian Army, who is on a visit to England, is suffering from a severe cold, with a slight fever.

Accused at Prince Rupert PRINCE RUPERT, Oct. 29.—Michael J. Noon, charged with robbery and administering a drug, was acquitted by the jury in fifteen minutes at the local court.

distress. Washington coal operators have made plans for closing down all mines. Subject to the People There are two fundamental issues which are raised in every important railroad strike. One is whether the people desire to or should permit the employees of a railroad system to force compliance with their demands, whether just or unjust, through organized action preventing all transportation, which would mean starvation to the people of large cities. It is a question which should be submitted to a vote of all the people. Should the result indicate that the people are willing that traffic should be stopped until railroad employees get what they demanded that would settle the question. The proposal should be amended whenever the employees so desired. Should the vote be to the contrary, then the priority for occupancy to prevent transportation should be heavy and gradually increased. That issue concerns the operations of public utilities—their franchises, etc.
